

## Employer-sponsored flu vaccinations

Help employees fight the flu

Seasonal flu is the reason behind 75 million sick days per year, costing employers over \$16 billion in lost productivity.<sup>1</sup>

**Quest Diagnostics has the experience and expertise to help you prevent flu-related illness and maintain productivity**

Quest has a network of over 10,000 providers to conduct on-site flu vaccination events for employees and dependents.

Outdoor and drive-thru events are available upon request.

We also have nationwide access with voucher programs that leverage retail locations, including CVS®, Walgreens®, and Walmart® pharmacies.

Plus, Quest has an employer population health team with 20 years' experience partnering with thousands of employers across the US.

**By offering flu shots to your employees, you can:**

- Provide a convenient way to get immunized
- Improve vaccination rates among your population
- Reduce the risk of absenteeism due to flu-related symptoms
- Reduce healthcare spending on flu-related claims

## Workforce flu vaccination options

All workforce flu vaccination options from Quest Diagnostics include online and telephonic scheduling, custom consent availability, and participation report to employers or third-party administrators. Quest only offers the standard quadrivalent vaccine, and only employees and dependents aged 18+ are eligible to participate.

### Indoor on-site events

---

- Standard on-site flu vaccination event
- Minimum of 30 participants per event

### Outdoor on-site events

---

- Events weather permitting
- Requires additional employer support, including outdoor tent and access to main building
- Minimum of 50 participants per event

### Vouchers for local retailers

---

- Participants download vouchers online for a vaccine at a local retail location
- Available for CVS, Walgreens, and Walmart pharmacies
- Optimal for remote workforces

### Drive-thru events at retail locations

---

- Available at select Walmart Pharmacy locations
- Minimum of 50 participants per event
